## Laboratory Safety Guidelines

- Wear appropriate personal protective equipment (PPE) at all times.
- Properly dispose of all hazardous and biological waste.
- Do not eat, drink, or apply cosmetics in the laboratory.
- Label all chemical and reagent containers clearly.
- Report all accidents, spills, or injuries to the supervisor immediately.
- Know the locations of emergency equipment and exits.
- Practice proper hand hygiene and decontaminate work surfaces.
- Read and follow laboratory safety protocols relevant to each procedure.
- Maintain an organized and clutter-free workspace.

## Agreement

I have read and understood the Molecular Biology Laboratory Safety Guidelines provided above. I agree to abide by all instructions, protocols, and procedures as outlined during the safety orientation and as required by the laboratory supervisor. I understand that failure to comply with these guidelines may result in disciplinary action or removal from the laboratory.
