

Personal Device Security Compliance Pledge

I acknowledge my responsibility to protect company data, systems, and resources when accessing them from my personal devices. I pledge to adhere strictly to the following security practices at all times when using my device for work purposes:

Compliance Commitments

- I will keep my device software, applications, and security features up-to-date.
- I will enable and use a secure lock screen and strong authentication methods on my device.
- I will not share my passwords or access credentials with others.
- I will not install unauthorized software or applications on my device for work purposes.
- I will use company-approved security controls (such as VPN, encryption, or endpoint protection) as required.
- I will immediately report loss, theft, or suspected compromise of my device to IT.
- I will ensure company data is stored only in approved, secure locations.
- I will not attempt to bypass or disable security controls deployed by the company.
- I understand that my device may be subject to periodic security review if used to access company resources.

By signing below, I confirm that I have read, understood, and agree to comply with all standards set out in the Personal Device Security Compliance Pledge.
