

Invasive Species Risk Assessment Template

1. Basic Information

Species Name

Scientific Name

Taxonomic Group

Assessor(s)

Date of Assessment

2. Introduction Pathway & History

Known Introduction Pathways

History of Introduction (if applicable)

Current Distribution

3. Risk Assessment Criteria

Likelihood of Establishment

Potential for Spread

Magnitude of Impact (Ecological, Economic, Social)

4. Management

Possible Management Measures

Feasibility of Control

5. Overall Risk Summary

Risk Level

Summary of Assessment
