Genomics and DNA Sequencing Grant Application

1. Applicant Information

Full Name

Institution / Organization

Email

Phone

Position / Title

Address

2. Project Details

Project Title

Project Summary

Objectives

Background & Significance

3. Experimental Design

Description of Genomic Methods and Sequencing Approaches

Sample Information (Type, Number, Species, etc.)

Data Analysis Plan

4. Timeline & Milestones

Estimated Timeline

Key Milestones

5. Budget

Total Amount Requested

Budget Justification

6. Collaborators & Team Members

Names and Roles

7. Ethical, Legal, and Social Implications

Compliance and Approvals

8. Additional Information

References

Other Relevant Information
