Human Subjects Research Ethics Approval Application

1. Applicant Information

Principal Investigator Name

Department / Affiliation

Contact Email

Contact Phone

2. Project Information

Project Title

Funding Source (if any)

Proposed Start and End Dates

Brief Project Summary / Abstract

3. Research Participants

Describe participant population

Recruitment methods

Inclusion/exclusion criteria

Estimated number of participants

4. Study Procedures

Describe study procedures and data to be collected

Location(s) where research will be conducted

Estimated time commitment per participant

5. Risks and Benefits

Potential risks to participants

Risk mitigation strategies

Expected benefits

6. Privacy and Confidentiality

How will data privacy/confidentiality be protected?

Will data contain personally identifiable information?

[▼]

Data storage and retention plans

7. Informed Consent

Describe consent process

Will minors (<18) or vulnerable groups be involved?

[▼]

8. Additional Notes or Attachments

Additional Information
