

Laboratory-Based Science Study Ethics Application

1. Project Details

Study Title

Principal Investigator(s)

Contact Email

Institution / Department

Proposed Dates

2. Project Summary

Brief Summary of the Study

3. Objectives & Rationale

Study Objectives

Scientific Rationale

4. Participant Information

Type of Participants

Number of Participants

Inclusion/Exclusion Criteria

5. Methods & Procedures

Methods/Procedures

Biological Samples (if applicable)

Storage & Disposal of Samples

6. Risks & Benefits

Potential Risks to Participants

Potential Benefits

7. Confidentiality & Data Handling

Confidentiality Arrangements

Data Storage, Access, & Retention Policy

8. Informed Consent

Describe Informed Consent Process

9. Additional Ethical Considerations

Additional Comments / Ethical Issues
