Nursing Research Ethics Review Application

1. Applicant Information

Full Name

Position/Title

Department/Unit

Email

Phone

2. Project Information

Project Title

Co-Investigators

Funding Source

Duration (start and end dates)

3. Project Summary

Brief Summary of the Research

4. Research Methodology

Study Design

Methods (Data Collection & Analysis)

5. Participants

Population / Participants

Inclusion Criteria

Exclusion Criteria

6. Ethics Considerations

Risks to Participants

Benefits to Participants

Informed Consent Process

Confidentiality Measures

7. Additional Information

Other Relevant Information

8. Declarations

☐

I declare that the information provided above is accurate and complete.

☐

I declare that this research will be conducted in accordance with ethical standards and relevant guidelines.
