

# Freshwater Stream Visual Assessment Template

## Site Information

|           |                      |
|-----------|----------------------|
| Site Name | <input type="text"/> |
| Location  | <input type="text"/> |
| Assessor  | <input type="text"/> |
| Date      | <input type="text"/> |

## Stream Channel Conditions

| Feature           | Comments             |
|-------------------|----------------------|
| Channel Stability | <input type="text"/> |
| Bank Erosion      | <input type="text"/> |
| Substrate Type    | <input type="text"/> |
| Embeddedness      | <input type="text"/> |

## Riparian Zone

| Feature                 | Comments             |
|-------------------------|----------------------|
| Vegetation Cover        | <input type="text"/> |
| Width of Buffer         | <input type="text"/> |
| Evidence of Disturbance | <input type="text"/> |

## Instream Habitat

| Feature      | Comments             |
|--------------|----------------------|
| Woody Debris | <input type="text"/> |

|                      |             |
|----------------------|-------------|
| Pool/Riffle Presence | <div></div> |
| Aquatic Vegetation   | <div></div> |

Water Quality Visuals

| Feature                  | Comments    |
|--------------------------|-------------|
| Water Clarity            | <div></div> |
| Odor                     | <div></div> |
| Algae Presence           | <div></div> |
| Surface Films (Oil/Foam) | <div></div> |

Notes / Observations
