

Thesis Dissertation Peer Review Checklist

General Structure

- ☐ Title clearly reflects the research content
- ☐ Abstract summarizes key objectives, methods, results, and conclusions
- ☐ Table of Contents is complete and formatted correctly
- ☐ Sections are logically ordered and organized

Introduction

- ☐ Research problem and objectives are clearly stated
- ☐ Significance and context of the study are explained

Literature Review

- ☐ Relevant literature is thoroughly reviewed
- ☐ Gaps in the literature are identified

Methodology

- ☐ Research design and methods are described in detail
- ☐ Data collection and analysis procedures are appropriate

Results

- ☐ Results are clearly summarized and supported by data
- ☐ Tables/figures are clear and well-labeled

Discussion & Conclusion

- ☐ Findings are interpreted and compared with previous research
- ☐ Limitations and implications are discussed
- ☐ Conclusions are justified and well-grounded

References

- ☐ All in-text citations are included in the reference list
- ☐ Referencing style is consistent and correct

Language & Formatting

- ☐ Grammar, spelling, and punctuation are correct
- ☐ Formatting is consistent throughout the document
