

# Renewable Energy Use Resort Pledge

We, the management of

---

pledge to take proactive steps to increase the use of renewable energy within our resort operations. By signing this pledge, we commit to the following actions:

- Assess current energy sources and identify opportunities for renewable energy integration.
  - Work towards reducing the resort’s reliance on non-renewable energy.
  - Encourage guests, staff, and partners to support and participate in renewable energy initiatives.
  - Communicate progress on renewable energy usage transparently and regularly.
  - Strive for continuous improvement in our sustainability efforts.
