

# Battery Bank Testing Checklist

## General Information

Date
Location
Technician
Battery Bank Model/Type
Serial Number(s)

## Visual Inspection

Checklist Item	Pass / Fail	Comments
No corrosion on terminals		
No physical damage (cracks, leaks, bulging)		
Cleanliness of battery and enclosure		
Labels/Markings are legible		

## Electrical Measurements

Test	Reading	Unit	Within Range
Float Voltage		V	
Charge Current		A	
Cell/Block Voltage		V	
Intercell/Interblock Connection Resistance		mΩ	

## Load Test

Test Duration
Load Value
Voltage (Start / End)
Result

## Remarks / Recommendations
