

Geotechnical Investigation Report

1. Project Information

Project Name	
Project Location	
Client	
Prepared By	
Date	

2. Introduction

3. Site Description

3.1 Location & Accessibility

3.2 Site Topography

3.3 Existing Structures & Features

4. Scope of Work

5. Field Investigation

5.1 Methods Used

- 1.
- 2.

5.2 Borehole/Trial Pit Location

5.3 Samples Collected

6. Laboratory Testing

Test	Standard	Result	Remarks

7. Subsurface Conditions

7.1 Soil Profile Summary

7.2 Groundwater Conditions

7.3 Soil Boring / Test Pit Log

Depth (m)	Soil Type	Description	Remarks

8. Analysis & Discussion

9. Conclusions

•

10. Recommendations

•

11. References

- 1.
- 2.

12. Appendices

- Borehole/Trial Pit Logs
- Laboratory Test Results
- Site Photographs
- Other Supporting Documents
