

# Sustainable Product Design Audit Sheet

## General Information

Product Name

Version/Model

Audit Date

Auditor(s)

## Material Selection

Evaluation Criteria	Comments	Score (1-5)
Use of renewable/recycled materials	<div></div>	<div></div>
Material toxicity and safety	<div></div>	<div></div>
Resource efficiency	<div></div>	<div></div>

## Manufacturing & Production

Evaluation Criteria	Comments	Score (1-5)
Energy efficiency in production	<div></div>	<div></div>
Waste minimization	<div></div>	<div></div>

Use of renewable energy sources		
---------------------------------	--	--

## Product Lifecycle

Evaluation Criteria	Comments	Score (1-5)
Durability and adaptability		
Ease of repair/maintenance		
End-of-life recyclability		

## Packaging & Distribution

Evaluation Criteria	Comments	Score (1-5)
Minimal and sustainable packaging		
Optimized transportation & logistics		

## Additional Notes
