

Rooftop Greenhouse Environmental Audit Form

General Information

Auditor Name

Audit Date

Greenhouse Location

Greenhouse Manager

Approximate Greenhouse Size (m²)

Energy Usage

Heating System Type

Cooling/Ventilation System

Lighting Type

Average Monthly Energy Consumption (kWh)

Water Management

Water Source

Irrigation System Type

Average Monthly Water Consumption (L)

Water Reuse/Collection Methods

Waste Management

Plant Waste Handling

Plastic/Material Waste

Composting Methods

Environmental Conditions

Typical Temperature Range (°C)

Typical Humidity Range (%)

Monitoring Systems Installed

Crop & Input Management

Main Crops Grown

Fertilizers Used

Pest Management Methods

Additional Notes / Observations
