

HVAC System Energy Efficiency Inspection Form

General Information

Date of Inspection

Inspector Name

Location/Address

Contact Details

System Information

HVAC System Type

Equipment Model/Serial No.

Installation Date

Rated Efficiency (SEER/EER)

Inspection Checklist

Thermostat Operation

Air Filter Condition

Ductwork Integrity & Insulation

Refrigerant Level

Blower Components

Condenser/Evaporator Coils

Electrical Connections

Measurements & Readings

Supply Air Temperature (°C)

Return Air Temperature (°C)

Differential Pressure (Pa)

Amp Draw (A)

Voltage (V)

Summary & Recommendations

Overall System Condition

Comments / Recommendations
