

Renewable Energy Integration Audit Form

Project Information

Project Name

Location

Date

Auditor

Contact Details

Renewable Energy System Details

System Type

Installed Capacity (kW/MW)

Commissioning Date

Integration Method

Current Energy Usage

Current Energy Usage Profile (kWh, load pattern, peak demand)

Interconnection Details

Point of Interconnection

Grid Operator/Utility

Protection & Control Measures

Monitoring & Maintenance

Monitoring System Details

Maintenance Protocol

Challenges & Recommendations

Challenges Observed

Recommendations
