

Small-Scale Hydro Site Visit Report

1. General Information

Project Name	
Date of Visit	
Location	
Team Members	
Contact Person	

2. Site Description

Site Overview:

Access and Logistics:

3. Hydrology & Water Source

Water Source Details:

Flow Estimation/Measurement:

4. Proposed Scheme Details

Type (Run-of-River / Other)	
Head (m)	
Estimated Flow (l/s or m³/s)	
Potential Capacity (kW)	

5. Environmental & Social Considerations

Nearby Settlements:

Potential Environmental Impacts:

Community & Stakeholder Feedback:

6. Access to Grid & Infrastructure

Proximity to Existing Power Lines:

Transport Access & Roads:

7. Photos & Sketches

8. Key Findings

9. Recommendations & Next Steps
