

# Wind Turbine Site Survey Checklist

## 1. General Information

Survey Date:

Surveyor Name(s):

Site Location / Address:

GPS Coordinates:

## 2. Site Access

- ☐ Access roads present and suitable
- ☐ Permission to access site confirmed

Comments:

## 3. Site Conditions

- ☐ Ground conditions suitable for installation
- ☐ Evidence of flooding/standing water

Notes:

## 4. Obstructions & Hazards

- ☐ Trees/vegetation within rotor sweep area
- ☐ Overhead or underground utilities
- ☐ Buildings or other tall structures nearby

Other observations:

## 5. Wind Resource

Average measured wind speed (m/s):

Obstacle description (direction, type, distance):

6. Environmental & Regulatory

- ☐ Zoning permits checked
- ☐ Environmental restrictions (protected species/habitats)

Notes:

7. Electrical Connection

Nearest grid connection point (distance):

Connection requirements:

8. Additional Notes
