

# Living Building Challenge Energy Petal Documentation

## Project Information

Project Name:

Project Address:

Project Team Members:

Documentation Date:

---

## 01. Net Positive Energy (Imperative 06)

Summary Description:

Annual Energy Use (kWh):

Annual On-site Renewable Energy Generation (kWh):

Percent Net Positive:

---

## Net Positive Energy Documentation

Energy Modeling Summary:

Performance Period:

Measured Data (12 months):

Month	Energy Consumed (kWh)	Energy Generated (kWh)

Renewable Energy Systems

System Types:

- 
- 

Total Installed Capacity (kW):

System Vendor/Manufacturer:

Supporting Documentation

- One-Year Utility Bills or Meter Data
- System Commissioning Report
- Net Positive Energy Narrative
- Photos/Drawings of Systems
- Other Relevant Documentation
