

# Electrical Load Assessment Survey for Solar PV

## General Information

Client Name:

Site Address:

Contact Number/Email:

Survey Date:

## Appliance Load Details

Appliance/Equipment	Quantity	Power Rating (W)	Hours/Day	Total Watt-hours/Day
<div></div>	<div></div>	<div></div>	<div></div>	
<div></div>	<div></div>	<div></div>	<div></div>	
<div></div>	<div></div>	<div></div>	<div></div>	
<div></div>	<div></div>	<div></div>	<div></div>	
<div></div>	<div></div>	<div></div>	<div></div>	
Total Watt-hours/Day:				

## Current Power Supply Details

Type of Current Power Supply:

Number of Hours Power is Available per Day:

Backup Power Source (if any):

## Roof/Installation Details

Roof Type/Material:

Available Roof Area (m<sup>2</sup>):

Roof Orientation:

**Additional Notes**
