

Commercial HVAC Efficiency Inspection Form

Site Information

Site Name

Address

Date

Inspector

Equipment Information

Equipment Type

Manufacturer

Model

Serial Number

Capacity (Tons/Btu)

Installation Date

Inspection Checklist

Thermostat Operation

Air Filters Condition

Condenser Coil Condition

Evaporator Coil Condition

Electrical Connections

Refrigerant Levels

Belts & Pulleys Condition

Fan Motor Operation

Ductwork Condition

Insulation Condition

Efficiency Measurements

Supply Air Temperature (°F)

Return Air Temperature (°F)

Delta T (°F)

Compressor Amps

Notes / Recommendations
