

Biomass Conversion Technology Evaluation Form

General Information

Project Name

Evaluator Name

Date

Technology Type

Technical Evaluation

Feedstock Type

Conversion Process Description

Scale (Pilot/Commercial/etc.)

Energy Yield (MJ/kg or relevant unit)

Conversion Efficiency (%)

Assessment Criteria

Criterion	Score (1-5)	Comments
Technical Maturity	<input type="text"/>	<input type="text"/>
Operational Reliability	<input type="text"/>	<input type="text"/>
Economic Feasibility	<input type="text"/>	<input type="text"/>
Environmental Impact	<input type="text"/>	<input type="text"/>
Feedstock Flexibility	<input type="text"/>	<input type="text"/>

Additional Notes

Remarks
