

Woody Biomass Procurement Feasibility Form

1. Project Information

Project Name

Project Location

Organization

Contact Person

Email

Phone Number

2. Biomass Requirements

Type(s) of Woody Biomass (e.g., chips, pellets)

Estimated Annual Quantity Required (tons per year)

Required Moisture Content (%)

Preferred Delivery Form (e.g., loose, baled, pelletized)

3. Procurement Logistics

Distance from Site to Biomass Source (km)

Preferred Transportation Method

Receiving & Storage Facilities Available

4. Supply Availability

Potential Biomass Suppliers (list names if available)

Seasonal Availability or Constraints

5. Financial Considerations

Estimated Procurement Budget

Expected Purchase Price Range (per ton)

Other Funding Sources or Incentives

6. Environmental & Regulatory

Permitting or Regulatory Considerations

Sustainability Certification Requirements (if any)

7. Comments or Additional Information
