

# Electric Utility Commercial Load Shaving Proposal

---

## 1. Proposal Overview

Client Name:

Proposal Date:

Prepared By:

Contact Information:

## 2. Executive Summary

## 3. Current Load Profile

Average Peak Load (kW):

Load Profile Description:

Monthly Usage Data:

Month	Peak Load (kW)	Energy Consumption (kWh)

## 4. Load Shaving Strategy

Description of Proposed Strategy:

Target Reduction (kW):

Implementation Period:

## 5. Technology and Equipment

Proposed Equipment/Technology:

Vendor/Manufacturer:

Estimated Installation Timeline:

## 6. Financial Analysis

Estimated Project Cost (\$):

Anticipated Savings (\$/year):

Payback Period (years):

## 7. Measurement and Verification

Performance Monitoring Plan:

Success Criteria:

## 8. Terms, Conditions & Next Steps

Proposal Valid Until:

Special Terms & Conditions:

Next Steps:

## 9. Approval & Signatures
