

Solar Panel Shading Analysis Report

Project Information

Project Name

Location

Date

Analyst

System Details

Panel Model

Total Installed Capacity (kW)

Number of Panels

Orientation (Azimuth/Degree)

Tilt Angle (Degree)

Site Images / Sketches

Attach Image/Sketch

Shading Objects Details

Object	Type	Distance from Panel (m)	Height (m)	Notes

--	--	--	--	--

Shading Analysis Summary

Analysis Method (e.g., Sun Path, Simulation)

Key Observations

Estimated Shading Loss

Month/Season	Estimated Loss (%)

Recommendations

Conclusion
