

Hybrid Renewable Energy System Proposal

1. Project Overview

Project Title

Prepared By

Date

Summary

2. Project Objectives

3. Site Details

Location

Coordinates

Site Description

4. System Components

Solar Component

Wind Component

Storage (Battery/BESS)

Other Components

5. System Design & Configuration

System Layout/Diagram/Description

Capacity Details (kW/MW)

Estimated Annual Output (kWh)

6. Financial Analysis

Estimated Cost

Funding Sources

Return on Investment

7. Environmental Impact

8. Implementation Timeline

9. Team & Roles

10. Additional Notes
