

Solar-Powered Irrigation System Proposal Submission

1. Applicant Information

Name

Organization / Farm Name

Contact Email

Contact Number

2. Project Location

Location Address

GPS Coordinates (if available)

3. Project Description

Brief Description of the Proposed System

Irrigated Area Size (hectares or acres)

Type of Crops to be Irrigated

4. Technical Details

Current Irrigation Method (if any)

Water Source (e.g., well, river, rainwater)

Required Solar Power (if known, in kW)

Estimated Project Cost

5. Objectives & Impact

Project Objectives

Expected Number of Beneficiaries

Expected Environmental & Social Impact

6. Additional Notes

Other Relevant Information
