

# Annual Industrial Facility Energy Benchmarking Report

## Facility Information

Facility Name

Location

Reporting Year

Prepared By

## Executive Summary

## Annual Energy Consumption

| Energy Source | Annual Consumption (kWh/GJ/etc.) | Cost |
|---------------|----------------------------------|------|
|               |                                  |      |
|               |                                  |      |
|               |                                  |      |

## Energy Intensity

Annual Production Output

Energy Intensity Metric

## Benchmark Comparison

| Year | Energy Intensity | Industry Benchmark |
|------|------------------|--------------------|
|------|------------------|--------------------|

|  |  |  |
|--|--|--|
|  |  |  |
|  |  |  |

Summary of Energy Efficiency Projects

| Project | Description | Date Completed | Estimated Savings |
|---------|-------------|----------------|-------------------|
|         |             |                |                   |
|         |             |                |                   |
