

Biomedical Research Ethics Application Form

1. Project Information

Project Title

Principal Investigator

Institution/Organization

Co-Investigator(s)

Contact Email

Contact Phone Number

Project Start Date

Expected End Date

2. Project Summary

Provide a brief summary of the research project

3. Objectives & Hypothesis

Main Objectives

Hypothesis/Research Questions

4. Methodology

Describe the study design and methodology

Study Site(s)

5. Study Participants

Number of Participants

Inclusion Criteria

Exclusion Criteria

Recruitment Method

6. Informed Consent

Process for obtaining informed consent

7. Data Management & Confidentiality

Describe how data will be collected, stored, and protected

Who will have access to the data?

8. Potential Risks & Benefits

Potential Risks to Participants

Potential Benefits to Participants and/or Society

9. Funding & Conflicts of Interest

Funding Source(s)

Declare any potential conflicts of interest

10. Declarations

I declare that the information provided is accurate and complete. I understand my responsibilities regarding research ethics.
