

Psychological Study Proposal Submission

1. Investigator Information

Principal Investigator Name

Affiliation

Email

Co-Investigators (if any)

2. Study Overview

Study Title

Brief Summary

3. Study Details

Background & Rationale

Aims and Objectives

Hypothesis

4. Methodology

Participants

Study Design

Procedures

Measures & Instruments

Planned Data Analysis

5. Ethics

Potential Risks / Ethical Considerations

Data Confidentiality & Consent Process

6. Timeline & Funding

Expected Timeline

Funding (if applicable)

7. Additional Information
