Subject: Confidentiality Commitment for Faculty Research

I,

as a member of the faculty at

acknowledge that in the course of my participation in research activities, I may have access to confidential, proprietary, or sensitive information pertaining to research data, records, findings, intellectual property, and other related materials.

I hereby commit to maintain the confidentiality of any such information. I agree not to disclose, copy, reproduce, or make use of such information for any purpose other than those directly related to the authorized research and in accordance with the policies and procedures of

I understand that this commitment continues beyond the termination of my involvement with the research project(s), unless released in writing from this obligation by the authorized entity.

I fully understand the importance of maintaining confidentiality and acknowledge my responsibility to protect the interests of the research, participants, and the institution.
