

Environmental Impact Risk Assessment for Research

Project Details

Project Title

Principal Investigator

Department / Faculty

Contact Email

Assessment Date

Research Overview

Project Summary

Location(s) of Research

Duration of Research Activity

Potential Environmental Impacts

Which of the following may be affected? (select all that apply)

- ☐ Air Quality ☐ Water (surface or groundwater) ☐ Soil / Land ☐ Flora / Fauna ☐ Noise Levels
☐ Waste Generation ☐ Energy Consumption ☐ Hazardous Substances

Describe Potential Environmental Impacts

Risk Assessment

Assess the likelihood of environmental impact:

Assess the severity of possible impacts:

Describe Any High or Unacceptable Risks

Mitigation Measures

Proposed Actions to Minimize Environmental Impact

Emergency Response Plan
