

University Research Invention Disclosure Form

1. Inventor Information

Name(s)

Department

Email

Phone

Other Inventors (Name, Department, Email, Phone)

2. Invention Title

Title of Invention

3. Invention Description

Describe your invention

How does it work? (Brief explanation)

What problem does it solve?

4. Development

Date of Conception

Date First Reduced to Practice

Has the invention been disclosed publicly?

If Yes, specify when, where, and how

5. Funding and Sponsorship

Was this research funded by any agency, company, or grant?

If Yes, specify sponsor(s) and grant/contract numbers

6. Publications/Presentations

Has this invention been published or presented?

If Yes, provide details

7. Commercial Potential

Are there potential commercial applications?

Identify any companies or organizations that may be interested

8. Additional Information

Any other relevant information
