

Steel Renewal Scope of Work

1. Project Information

Project Name

Location

Date

Prepared by

2. Structural Element(s) for Renewal

Component	Description	Quantity	Unit	Remarks

3. Scope Details

Work Description

Removal Procedure

Installation/Replacement Procedure

4. Materials & Specifications

Material	Grade/Specification	Thickness	Area (m ² or ft ²)	Remarks

5. Surface Preparation & Coating

Preparation Method

Coating System

6. Welding & Inspection

Welding Method

Inspection/Testing

7. Safety and Environmental Considerations

8. Notes / Additional Remarks
