

# Environmental Interview Questionnaire

## General Information

Interviewee Name

Position/Title

Organization

Date of Interview

Location

## Environmental Practices

Does your organization have an official environmental policy? If so, could you describe it?

What environmental initiatives or projects are currently being implemented?

Are there specific environmental goals or targets your organization aims to achieve?

## Resource Management

How are resources (water, energy, materials) managed within your organization?

What measures are in place for waste management and reduction?

## Challenges & Opportunities

What are the main challenges faced in implementing environmental practices?

What opportunities do you see for further improvement?

## Final Comments

Any additional comments or recommendations?
