

Green Building Energy Assessment Checklist

General Information

Project Name	
Location	
Date	
Assessor	

Building Envelope

Item	Compliant	Remarks
Insulation (Walls/Roof)		
High-performance Windows		
Air Sealing		

Lighting Systems

Item	Compliant	Remarks
LED/High-Efficiency Fixtures		
Daylighting Controls		
Occupancy Sensors		

HVAC Systems

Item	Compliant	Remarks
High-Efficiency HVAC		
Programmable Thermostats		
Proper Duct Sealing		

Renewable Energy

Item	Compliant	Remarks
Solar Panels Installed		
Other Renewable Sources		

Water Heating

Item	Compliant	Remarks
------	-----------	---------

Efficient Water Heaters		
Insulation on Hot Water Pipes		

Additional Notes
