

# Wind Farm Environmental Noise Impact Report

## 1. Project Information

Project Name	
Location	
Date	
Report Prepared By	

## 2. Executive Summary

## 3. Introduction

## 4. Methodology

- Noise Emission Measurement
- Noise Propagation Modelling
- Assessment Criteria
- Monitoring Locations

## 5. Existing Environment

## 6. Assessment Criteria

## 7. Predicted Noise Levels

Location	Predicted Level (dBA)	Assessment Criterion (dBA)	Complies (Yes/No)

## 8. Mitigation Measures

- 
- 

## 9. Conclusion

## 10. Appendices

- Noise Modelling Maps
- Equipment Specifications
- Monitoring Data
