

Adjacent Site Environmental Impact Assessment Questionnaire

Project Information

Project Name

Project Location

Assessment Date

Site Details

Description of Adjacent Site

Current Use of Adjacent Site

Distance from Project Site (meters)

Environmental Aspects

Does the adjacent site include sensitive ecosystems?

Observed Flora and Fauna

Are there water bodies nearby?

Potential sources of pollution from adjacent site

Potential Impacts

Describe any potential impacts on the adjacent site

Are mitigation strategies required?

If yes, describe recommended mitigation measures

Additional Observations

Other comments or observations
