

Subcontractor Security Compliance Agreement

This Subcontractor Security Compliance Agreement ("Agreement") is entered into on by and between:

Company Name:	
Address:	
Contact Person:	

(hereinafter referred to as "Contractor")

and

Subcontractor Name:	
Address:	
Contact Person:	

(hereinafter referred to as "Subcontractor")

1. Purpose

This Agreement defines the security responsibilities and requirements for Subcontractor in the performance of services for Contractor.

2. Security Requirements

1. Subcontractor shall comply with all applicable security policies and procedures as provided by Contractor.
2. Subcontractor shall ensure all personnel accessing Contractor systems or data are properly trained and aware of their security obligations.
3. Subcontractor shall safeguard all confidential information and prevent unauthorized disclosure or access.
4. Subcontractor must promptly report any actual or suspected security incidents to Contractor.
5. Subcontractor agrees to cooperate with any security audits or assessments requested by Contractor.

3. Data Protection

- Use, storage, and processing of data must be in accordance with relevant data protection laws and Contractor's requirements.
- All data provided by Contractor remains its exclusive property.
- Subcontractor will implement appropriate safeguards to ensure data confidentiality, integrity, and availability.

4. Term and Termination

This Agreement is effective as of the date above and will remain in effect until the completion or termination of services by Subcontractor, subject to Contractor's right to terminate for violation of this Agreement.

5. Acknowledgement

By signing below, Subcontractor acknowledges acceptance of the terms and agrees to abide by the security requirements set forth in this Agreement.
